

West Campus Curb Inlet Repairs – November 24-26, 2025

Curb inlet repairs on West Campus Drive near Litton Reeves/Harper Hall will cause BT to detour multiple routes from start of service on Monday, November 24, 2025, through November 26, 2025.

Detours will begin on Monday at the start of service. We plan to resume normal BT route service on November 28th, or potentially earlier when all work is completed and crews have completely left the area.

Stops Affected

-For BMR and CRC, all BT stops on West Campus will be closed for duration of detour.

-CAS will NOT service Litton Reeves #1116 and Harper Hall #1126, will service all other stops on West Campus.

Special Route Information

*-**75A DHD should enter Campus via normal Main St. route to proceed around teardrops to return to Old Security Stop #1104 Pull-Off.***

*-**77A DHD should proceed through CRC to LEFT on Duck Pond at Southgate traffic circle, STRAIGHT across Washington to continue on Duck Pond, LEFT on West Campus, RIGHT into Orange Bay 14.***

*-**88A DHD should proceed through CRC to Southgate to resume normal DHD route.***

-There are a few small branches at the Y-intersection, turning right when continuing on Grove Ln. towards Duck Pond. You can cheat a little to the left to avoid them.

-When returning to the Orange Loop, CAS buses should make sure traffic from all directions is clear before turning left at the stop sign on Grove St. You will need to drive over the painted lines.

-To avoid conflict double-parking, Beamer Way (BMR) can use Bay 15.

*-**END OF Service DHDs (75, 77, 80, 81, 88) can utilize Duck Pond from West Campus to return via CRC or can turn RIGHT on West Campus, RIGHT on Prices Fork, RIGHT on Main to DHD via Main St. to Industrial.***
