## GLOSSARY

- Demand-Response Service (DR): DR service operates in response to calls from passengers or their agents to the transit operator, who then dispatches a vehicle to pick up the passengers and transport them to their destinations. This service does not operate on a fixed route or schedule and satisfies a special need.
- Driver Hours (DH): DH are the hours a driver is on duty, including hours on stand-by, driving to and from the garage, and when there are no passengers on board. These are the hours paid to the drivers; a combination of revenue and non-revenue hours.
- Fixed Route Service (FR): FR operate along a specific route according to a fixed or preset schedule. Each trip serves the same stops, continuously, until service ends.
- Full Service: This is our peak service typically operated during the fall and spring semesters. During Full Service all routes are in operation with multiple buses operating on each route for peak frequency typically every 10-15 minutes; Trippers are also utilized when needed.
- Intermediate Service: This service is deployed during the week before Virginia Tech classes resume for the fall semester and for other select days throughout the year. It strongly resembles the Full Service with fewer routes in operation.
- No Service: This service occurs on five different days: New Year’s Day, Memorial Day, July 4<sup>th</sup>, Thanksgiving, and Christmas. No routes run on these days.
- Previous Year: These sections refer to data for the same month in the previous year.
- Reduced Service: This service is operated outside of fall and spring semesters during winter, spring, summer and fall breaks. Each route provides 30 minute or hourly service depending on the length of the route. Some routes do not operate; others follow an altered route.
- Revenue Hours (RH): RH are the hours of service where a bus is providing service to passengers.
- Revenue Mile (RM): RH are the miles a bus travels on a route while providing service to passengers.
- Ridership: Ridership is the number of people using a public transportation service in a given time period.
- Year-to-Date (YTD): YTD numbers are the sum of values for a period beginning July 1st of the current year until the end of a specified month.
