

## 10-17 (Inadvertently left passenger) Procedure

- Call in a 10-17 if you have accidentally passed a stop and failed to pick up a waiting passenger.
- **A 10-17 is NOT a passenger running for your bus as you pull away from a stop.** That passenger is simply late for the bus.
- Do not give a description of the events leading to the 10-17. Use the code and give the location.
